

Holtkoetter

Janus H

Struktur

- czarny
- aluminium
- czarny / mosiądz

Technical details

Kraj produkcji	 Niemcy
Producent	Holtkoetter
Projektant	Holtkötter
rok	2024
Materiały materiałowe	Metall
regulacja wysokości	z regulacją wysokości
Możliwość ściemniania	Sekcja fazy
Moc w watach	2 x 18 W
LED #	włącznie
Wskaźnik oddawania barw (CRI / Ra)	>90
Strumień świetlny w lm	5400
Temperatura barwowa w kelwinach	2.200 - 2.850
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania	LED
Głowica lampy Wymiary	18 cm
wymiana żarówek:	na miejscu
Dimensions	H 99 - 155 cm

Opis

The Holtkötter Janus H ceiling lamp has height-adjustable telescopic arms attached to the side of a rectangular ceiling canopy, which can be swivelled by up to 160° using joints. These swivelling telescopic arms make it easy to illuminate even large tables. The lamp heads, which can be continuously rotated and swivelled in all directions and contain a replaceable LED panel, allow the light to be individually directed. When dimmed, the light colour of the integrated LED changes to a warmer tone (from 2,850 Kelvin warm white to 2,200 Kelvin warm white) thanks to dim-to-warm technology. With a light output of 5,400 lumens and a colour rendering index of over 90, the Holtkötter Janus H provides powerful light that can be emitted directly or indirectly as required. The Janus H ceiling lamp is height-adjustable from 99 cm to 155 cm by extending or retracting the telescopic arm. The ceiling canopy is 33 cm long, 6.2 cm wide and 3.6 cm high. The Janus H is available in the following surface textures: matt aluminium, black/brass anodised and black.
