### Opis

The Catellani & Smith Meraviglia EC 401 floor lamp from the Eco-Logic-Light series by Catellani & Smith is most power efficient, because in it a replaceable LED rests with low energy consumption. This LED generates 1 Watt of power. For this light there are two different LED versions available: in the colours neutral white with 4,200 Kelvin (110 lumen) or warm white with 2,700 Kelvin (100 lumen).

The Meraviglia EC 401 has a lampshade for which the inside is coated with gold leaf. From the outside the shade appears dark-shiny. An integrated cord dimmer regulates the light intensity of the floor lamp. The height of the lamp is 150 cm, the projection is 28 cm. The lamp arm which is splayed out swinging can be adjusted via a screw in its height.
