### Opis

The Luceplan Lady Costanza Suspension is a height-adjustable pendant lamp. In order to adjust the height from 100 to 250 cm, it is only necessary to pull slightly on the counterweight of the shade. With a shade diameter of 50 cm, this light is significantly larger than the popular Costanza, according to whose model Paolo Rizzatto designed this pendant lamp in the year 2011.

There are offered four different shade colours, white, black, primary red and shaded stone (a dark brown). With the separately available canopy decentralization kit, it is possible to mount the light independently of the power outlet.
