

Stilnovo

Diphy P3

Technical details

Kraj produkcji	 Włochy
producent	Stilnovo
projektant	Mirco Crosatto
rok	2017
ochrona	IP20
zakres dostawy	LED
tworzywo	aluminium, polimetakrylan, żelazo
regulacja wysokości	wysokość ustalona
ściemnianie	DALI ściemniania
LED	łącznie
Wskaźnik oddawania barw	90
Temperatura barwowa w stopniach Kelvina	3.000 biała ciepła
wydajność systemu	3 x 14 Watt
Całkowity strumień świetlny w lm	5.730
dystrybucja światła	bezpośrednio i pośrednio
wysokość całkowita	200 cm
Dimensions	B 68 cm L 84 cm

Opis

The Stilnovo Diphy P3 is a pendant lamp with three diffusers. The three diffusers hang from a round canopy. Through small openings in the canopy, the cables of each lamp can be individually adjusted in their position in order to change the arrangement of the diffusers. Each diffuser is illuminated by an LED in a light rod, emitting the light both upwards and downwards. When the light is switched off, the diffusers appear transparent. When the light is switched on, a dot pattern engraved by laser is visible on the diffusers. For this effect the OptiLight technology was used in the production of the diffusers. The dot pattern is based on the petals of the Asian flower *Diphylleya Grayi*, after which the lamp series was named. The pendant lamp can be dimmed on site and set in height if required. With an optionally available Casambi module, the light can be dimmed via smartphone.
