

Vibia

Structural 2615

Oberfläche

- ciemnoszary
- jasnoszary

Technical details

Kraj produkcji	 Hiszpania
producent	Vibia
projektant	Arik Levy
rok	2018
ochrona	IP20
zakres dostawy	LED
Głębokość w cm	10
tworzywo	aluminium, poliwęglan
ściemnianie	1-10V ściemniania
LED	łącznie
Wskaźnik oddawania barw	>90
Temperatura barwowa w stopniach Kelvina	3.000 biała ciepła
wydajność systemu	2 x 6 Watt
Całkowity strumień świetlny w lm	1.513
Dimensions	H 120 cm L 180 cm

Opis

The Vibia Structural 2615 is a wall light that marks coordinates with a rectilinear language, connects points of light in space, relates planes and underlines the architectural dimension. Indirect lighting and composition based on volumes clarify light and shade. Structural lamps were created for Vibia by the designer Arik Levy. A collection of wall lamps that combine direct and indirect LED light through cubic volumes that form sculptures integrated into the architecture of each space. This wall lamp is offered in the surfaces light grey and dark grey. Both versions are matt lacquered. On request, this light is also available with a colour temperature of 4,000 Kelvin white. It is also offered as a DALI dimmable version or as a version dimmable with a Casambi module via Smartphone App. The lamp with Casambi module can be operated via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the option of switching the lamp on at specific times via a timer.
