Opis

The Holtkötter Vita 3 40cm ceiling lamp emits most of its light directly downwards. Depending on the shade colour, the light is also emitted to the side through the shade. The white base of the lamp shade made of chintz provides a homogeneously illuminated surface. The lamp holders with light sources are also covered by this base. This Vita 3 is available in the shade colours light grey, wave optics white, slate, champagne, sand, white, silver leaf and gold leaf. The ceiling lamp is 18 cm high and has a diameter of 40 cm. Versions of this lamp with a diameter of 50 cm or 60 cm are also offered. Both halogen lamps and LED retrofits can be used as illuminants.
