Knapstein

JULI-S

Oberfläche

- mosiądz
- nikiel
- czarny

Technical details

Kraj produkcji	🇩🇪 Niemcy
producent	Knapstein
projektant	Knapstein
ochrona	IP20
zakres dostawy	LED
Projekcja w cm	46
tworzywo	mosiądz
ściemnianie	kontrola gestow
Moc w watach	10,8 W
LED	Łącznie
Wskaźnik oddawania barw	>90
Strumień świetlny w lm	1.200
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
świeczniku Wymiary	długość 23, szerokość 18 cm
Dimensions	H 112 cm

Opis

The Knapstein JULI-S floor lamp has a tiltable lamp arm with a projection of 46 cm. In addition, the lamp can be tilted at will by means of a ball joint at the base of the lamp. The floor lamp can be switched and infinitely dimmed via gesture control. The sensor for gesture control is located in the lower area of the plexiglass cover of the LED. The light can be switched on or off with a wiping hand movement. To dim the light, the hand is held below or above the sensor until the desired light intensity is reached. The last light intensity set is saved via the memory function and automatically selected again the next time the light is switched on. In the case of a mains failure, the lamp is automatically switched on if it was previously on. It remains switched off if it was also switched off before the mains failure. This function is suitable for use with switchable sockets.

The JULI-S is available in matt brass, black and matt nickel-plated surfaces. The lamp base has a length of 23 cm and a width of 18 cm. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated into the lamp arm as a light source.
