Opis

The SLV Enola Round S WL, Single is a cylindrical outdoor wall lamp made of aluminium. This anthracite-coloured outdoor lamp is 6.8 cm wide, 11.5 cm deep and 16 cm high. In the rectangular wall bracket there is a switch (CCT Switch) with which the colour temperature of the lamp can be changed from 3000 Kelvin warm white to 4000 Kelvin white if required during installation. The integrated LED with an output of 6 watts is located under a glass lens that allows a strongly contoured, glare-free light emission downwards and onto the wall. With IP65 protection, the Enola Round S WL, Single by SLV is ideal as an outdoor lamp as it is dustproof and protected against water jets from any angle. A spacer set for mounting with surface-mounted wiring is available as an accessory.
