Opis

This Bomma Shibari chandelier consists of three pendant lamps that are suspended together. The three lamps are suspended by several cables, thus they can be rotated and swivelled as desired. Due to the knotted suspension, the lamps look different from every angle. The glass of the lamps is made of clear, mouth-blown crystal glass. As each glass is individually mouth-blown in a traditional handicraft process, small bubbles or irregularities may appear in the glass.

Each Shibari lamp has a diameter of 18 cm and is 70 cm high including the suspension. The cables are attached to the ceiling with hooks next to the canopy. The cables have a maximum length of 250 cm and can be shortened if necessary. Special lengths for the cables are also available on request. Each lamp has an E27 socket for a replaceable T30 LED. Bomma also offers a chandelier with five Shibari lamps and a single pendant lamp from the series.
