wydajność systemu 5 x 6,5 Watt (max.)

Opis

This Bomma Shibari chandelier consists of five pendant lamps that are suspended together from one canopy. The five lamps are suspended from several cables, which allows them to be rotated and swivelled as desired. Due to the knotted suspension, the lamps look different from every angle. The glass of the lamps is made of clear, mouth-blown crystal glass. As each glass is individually mouth-blown in a traditional handicraft process, small bubbles or irregularities may appear in the glass.

The individual Shibari lamp has a diameter of 18 cm and a height of 70 cm including the suspension. The cables are attached to the ceiling with hooks next to the canopy and have a maximum length of 250 cm. If necessary, they can be shortened. On request, the lamp is also available with other cable lengths. Each lamp has an E27 socket, which is operated with a replaceable T30 LED. From the series, Bomma also offers a chandelier with three lamps and a single pendant lamp.
