

Anthologie Quartett

Jahreszeiten Winter Ceiling Lamp

Durchmesser in cm

- 70
- 90

Oberfläche

- brązowy
- złoto
- srebro
- biały

Technical details

Kraj produkcji	 Niemcy
Producent	Anthologie Quartett
Projektant	Michael Topor
rok	2003
Stopień ochrony / Stopień ochrony IP	IP20
Zawartość opakowania tworzywo	Leuchtmittel/Bulb szkło kryształowe , żelazo
ściemnianie	na miejscu z funkcją ściemniania
Cokół / Oprawka	B15d
wydajność systemu	10 x 40 Watt (max.)

Opis

The Anthologie Quartett Jahreszeiten Winter Ceiling Lamp (Seasons Winter Ceiling Lamp) has small, hand-cut crystal glasses as a design element. The metal structure made of iron is available in the surfaces bronze brown, gold, silver or white. A chrome finish is also available on request. The Jahreszeiten Winter ceiling light is offered in two sizes: with a diameter of 70 cm or 90 cm. The diameter of the lamps is approx. 70 cm or 90 cm in each case. Depending on the size, the crystal glasses are distributed in different arrangements on the metal structure.

In the 18th century, the Montgolfier brothers caused a sensation with the first flight in a hot air balloon. This is how lamps with a semicircular shape in the lower segment were created at that time. The lamp series Jahreszeiten is inspired by this Montgolfier style, which gave the lamp its bulbous shape in its lower third. The symmetrical arrangement of the electric arms allows the lamp a modern design language.

Note: The use of retrofit sockets (B15d) means that the light sources corresponding to the respective technical status can also be used in the future (halogen lamp, LED). In terms of sustainability, the lamp can continue to shine for many years to come.
