

B.Lux

C_Ball W 2L

Oberfläche

- mosiądz
- czarny

Technical details

Kraj produkcji	 Hiszpania
producent	B.Lux
projektant	Stone Designs
rok	2015
ochrona	IP20
zakres dostawy	Leuchtmittel/Bulb
Głębokość w cm	20
tworzywo	metal, szkło mleczne
pedestał/wersja	E14
LED	łącznie
wydajność systemu	1 x E14 12 Watt (max.) + 1 x LED 4,5 Watt
Uchwyt ścienny	wysokość 27 cm, szerokość 19 cm,
Wymiary	głębokość 3 cm
Dimensions	H 27 cm B 19 cm

Opis

The B.Lux C_Ball W 2L is a wall lamp with a ball made of opal glass, through which the light is emitted homogeneously and gently into the room. As an additional light source, the wall lamp has a swivelling lamp head that can be realigned at any time. The mounting ring of the opal glass ball and the wall bracket are both made of metal. These metal parts are available in the surfaces brass satin and black matt. The ball made of opal glass has a diameter of 15 cm. Including the wall mounting, the lamp is 19.5 cm deep. The wall mounting or the lamp itself is 19 cm wide and 27 cm high.

The swivelling lamp head of the C_Ball W 2L is operated with an integrated LED with a colour temperature of 3,000 Kelvin warm white. The E14 socket inside the opal glass ball is suitable for replaceable LED retrofits or compact fluorescent lamps. On request, a version is also available that can be dimmed with a Casambi module by smartphone via Bluetooth. This version with Casambi module can be operated easily and intuitively via mobile devices with the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more. In addition to this wall lamp with an additional lamp head, a wall lamp from the series with room light is also offered, the C_Ball W 1L.
