

Bover

Nans PF/31.2 Outdoor

Schirmfarbe

- brązowy
- czerwony
- beżowy

Technical details

Kraj produkcji	 Hiszpania
producent	Bover
projektant	Joana Bover
rok	2022
ochrona	IP65
zakres dostawy	LED
tworzywo	aluminium, polietylen, poliwęglan, stal nierdzewna
ściemnianie	ściemnialna kontroli faz przyciemniania
Moc w watach	9,5 W
LED	Łącznie
Wskaźnik oddawania barw	90
Strumień świetlny w lm	1.450
Temperatura barwowa w stopniach Kelvina	2.700 extra biała ciepła
Średnica klosza	32 cm
wysokość abażur	46 cm
wymiana żarówek:	u producenta / w fabryce
Dimensions	H 53 cm

Opis

The Bover Nans PF/31.2 outdoor ceiling lamp has a lamp shade made of a hand-woven, synthetic polyethylene fibre. The lamp shade has a diameter of 31.6 cm and is 45.7 cm high. The synthetic polyethylene fibre is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP65, the ceiling light is dustproof and protected against water jets from any angle. The light is emitted glare-free downwards through a diffuser made of polycarbonate. Due to the structure of the hand-woven lamp shade, the light is also emitted laterally, creating a light effect on the ceiling.

The Nans PF/31.2 Outdoor is offered with a lamp shade in the colours red, brown and beige. The ceiling mounting made of stainless steel and aluminum always has a graphite-brown colour. Including the ceiling mounting, the lamp is a total of 52.7 cm high. The ceiling light is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed on site with a trailing edge phase dimmer. A DALI or 1-10 volt dimmable version is also available on request. In addition, a version that can be dimmed with a Casambi module by smartphone using Bluetooth is also offered on request. This optionally available version with Casambi module can be operated easily and intuitively via mobile devices using the free CASAMBI app (iOS and Android). Casambi thus expands the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more.

Cala Nans is a small cove in Cadaques (Spain), accessible only by footpaths or by sea. An unspoilt corner of the Mediterranean, where the vegetation and the vigilance of an old lighthouse make this place a primordial spot where all you can hear is the sound of the sea and the birds flying over the coast. The Nans lamp is characterised by high-quality craftsmanship of the lamp shades and creates a true Mediterranean style.
