Dimensions	H 128-154 cm

Opis

The Marset Nolita P is a floor lamp with a conical shade. The lamp shade is made of double-walled polycarbonate on the inside, while the outside is made of pleated cotton ribbons. The Nolita P is height adjustable from 128 cm to 154 cm. The lamp shade can be tilted. The Nolita P has a dimmer on the supply line. Both the rod and the base are made of anodised aluminum. This floor lamp can be operated with halogen lamps or compact fluorescent lamps. Here you get the outlet version Nolita P with a shade made of natural cotton ribbons on the outside.
